Introduction

SIE Scholarship Fund
In 1968 SIE established a Scholarship Fund. Subject to the Scholarship Fund Statutes (to be downloaded from the Member Area of the SIE website) the scholarships shall be awarded to women in profession and/or business who want to undertake further training or a pending career change. Women who have started a professional and/or vocational training may be awarded as well when they are living in a developing country with an existing SIE Club. The candidates may be Soroptimists or non-Soroptimists. Preference might be given to professions and vocations in non-traditional fields for women (e.g. STEM: Science, Technology, Engineering, Mathematics) and to candidates attending the last year of their studies or training courses.

The Dr. Suzanne Noël Scholarship
The Dr Suzanne Noël Scholarship, in memory of the founder of the first Soroptimist Club in Europe, shall be awarded every even year to female medical doctors specialised in plastic/reconstructive surgery, undertaking further specialization courses in this field. The Scholarship Fund and the Dr Noël Fund were merged in 2011.

Please read the Statutes of the Scholarship Funds carefully – see attachment to the e-mail from SIE Headquarters.

The funding
Each year the total amount available for scholarships is between 90,000 and 100,000 Euros and the maximum for each scholarship is 15,000 Euros.
Nomination of candidates

A Union may nominate TWO candidates and a Single Club ONE candidate. Unions can only submit candidates recommended by their Clubs. The Soroptimist Club who sponsors the candidate is responsible for the application as well as the follow-up of the grantee’s progress during the scholarship period and the delivery of grantee’s completion report back to SIE. If the final report does not reach the Scholarship Committee Chair in due time, the nominating Union (or Single Club) may not nominate a candidate for the next two years. In order to monitor the impact of the scholarships on the professional/vocational advancement of the awarded women it is also necessary to follow-up the grantees for some years after finishing their studies/trainings.

For the purpose of proposing suitable and eligible candidates, each Union or Single Club may set up a Scholarship Committee or Officer that will be responsible for selecting the candidates after a thorough examination of their qualifications. It is important to create awareness of the possibilities the SIE scholarship gives and, last but not least, to promote the organization. The SIE Scholarship Fund is a tool to increase the number of potential members and to advocate Soroptimist goals.
